

I'm delivering this Newsletter from the CAPES Family

Hello once again from the Capes Family, Merry Christmas to all of our friends and relatives!

Well, the end of yet another year, married for 51 of them, and lived at this address for 39 years! Guess you could pretty much bet on the fact that we're not gonna change anything anytime soon.

Sorry to report that this has been a rather 'dry' year for happenings and events, so there is little to report. I did manage to finish the BIG project, the jeep. When finished, I only had about 4 car shows to go to, but I still managed to win 2 trophies, so I'm pretty 'psyched' about it.

BEFORE/DURING

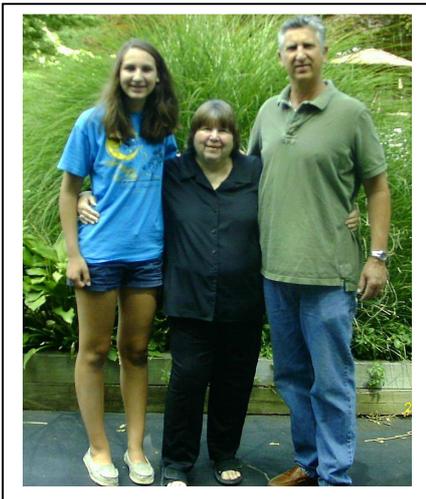

FINISHED

As before, if you're interested in the whole project, check out: <http://www.bill-capes.com/insanity>

One item of note, we played host to our Nephew David, and his youngest Daughter, Erin. Believe it, folks, this young lady is only 13 years old !!!!

They stayed with us for a week while they visited friends and relatives. David had talked about certain items from his childhood so much, that she just HAD to go to breakfast at 'Little Lasses' at least once. Rusty was happy to have the company, he is really a 'people person' and loves any company he can get.

Rusty is the same as always, but, like all of us, just getting older! Some things, however, never change – He still loves his toys (and dinner time).

Stairs are beginning to slow him down!

We may actually be able to take a vacation this coming year! The ferry from Portland to Nova Scotia has been out of service since 2009, when the last trip was made. We are looking forward to seeing a lot of our old friends again.

As I said, a rather dry year for news, so –

That's all, Folks!

Merry Christmas to all, and a Happy New Year

Judy & Bill Capes
